

March 23rd, 2020

To our Valued Customers, Suppliers and Employees.

Ohio Governor Mike DeWine announced Sunday a statewide “stay at home” order that will go into effect at 11:59 p.m. Monday as coronavirus cases continue to rise across the state and nationally.

In light of the current events related to the Coronavirus, Eberhard has made the decision that we will be closing operations and stop production from our Strongsville Ohio facility. The facilities will be closed from March 24th and returning on April 6th, 2020.

The impact of Covid-19 has created an unprecedented situation and we at Eberhard Manufacturing are taking action in the greater effort to slow the spread of COVID-19 cases.

Our intent is resume full operations on the 6th of April 2020. In the meantime, the employees that have the capability to work remotely will be doing so during this period and all departments will have open communication with access to email, and phones. We will have phones forwarded to the appropriate contacts within each department and will respond as quickly as possible.

We value your partnership and we will be working to minimize communication disruption during this period. Orders will be accepted and processed into our system during this period but the orders will not be acknowledged until the 6th of April at the earliest.

Thank you for your assistance and understanding during this unique time.

Sincerely,

Tim W. Kramer
